REUSS – AARE WALK

This is a very easy, pleasant walk which is, with the exception of an incline of approx. 3 minutes, completely flat. We meet at 3.30p.m. at the Hong Kong restaurant in Gebenstorf which is situated at the Reuss, on the right, just before the bridge in the direction of Windisch. From the Hong Kong, we follow the Reuss until it merges with the Aare.

The is a "pottery" walk – nothing to do with ceramics: there are little surprises en route and so we stop and "potter" as we take in, amongst other attractions; the weir, hydro-electric power plant and its mill which had once given employment to the largest number of workers in Aargau.

After 2 1/2 hours we are back at the Hong Kong where we have dinner – Chinese or European.

For those who are unable to come on the walk but who would like to join us for dinner, please be at the restaurant for 6p.m. If the weather is bad, we shall forgo the walk and meet at the restaurant. In doubtful weather contact Greta Brunnschweiler (056 441 32 67) between 12 and 2p.m.

Booking for the meal is essential, so please register with Greta (e-mail: marbrunn@bluewin.ch or 056 441 32 67),
