Cycling Tour along the river Rhine

We cycle on a good and mostly flat road from Eglisau direction Rafz, pass there the frontier to Germany and reach Jestetten. There we take the road to Rheinau, pass the old wooden bridge over the river Rhine and reach Switzerland again. We climb up to the village and cycle on a forest trail along the river

Rhine to the hamlet Ellikon am Rhein. Close to the river bank we have lunch in the self service restaurant Rhygarte. After having passed the river Rhine by a ferry boat (Fr.3.50), we cycle on the west side of the river, pass the hamlet Nack and reach Eglisau.

+Since we pass the border to Germany please do not forget your identity card.

The total distance of the tour is about 30km with some ups and downs of about 50m. About 2/3 of the route is hard covered, the rest is forest trails.

We meet at the parking place of Coop Centre Eglisau/Hüntwangen. At the end of the bridge Eglisau take direction Schaffhausen. In the roundabout next to the Touring Garage Eglisau, take direction Hüntwangen and turn left after 100m.
