Walk with a
Hunter

We will go for a walk in the forest of Siggenberg. Mr. Hubert Wolf, a local hunter will identify and explain spoors (hopefully there will be snow), hollow trees filled with salt for deer, bathing places for wild boar etc. The walk will take about 1 ½ to 2 hours and at the end we will have to reinforce ourselves in a local restaurant.

We meet at the parking in front of the synagogue at Lengnau and then drive to the meeting point at the edge of the forest.
