Albania, Kallmet

Albania? Oh, the capital is Tirami – oh, sorry, Tiara ? No, that's not right either. So what do you know about this country, so long isolated by a totalitarian régime for 40 years under Mr. Hoxha? Come and find out more.

Over the last 35 years, our speaker, Herr K. Krattenmacher has been in constant contact with a region to the north of the country called Kallmet, and for all he has done has been awarded honorary citizenship. Indeed the mayor even came to Switzerland to repeat the award ceremony here. We will hear about the history, the way of life there, how the cooperation with Switzerland has developed over the years and how the association has benefitted both parties. The talk will be in German.

Oh, and they do produce a most respectable wine, and high quality olive oil. You will see both, and might like to take a bottle or so home with you.

We hope some of you will join us for a meal at the Restaurant Hirschen at 18.30 h
