

Friday 2nd to Sunday, 4th 2015 October 2015

FEDERATION Weekend 2015

at the Park Hotel, Bad Zurzach

Organised by the ESC BADEN/BRUGG

In his capacity as president of the Federation of Anglo-Swiss clubs in Switzerland, Andreas Schmid is amending the format of the traditional weekend and has allotted the responsibility for organising the arrangements to the individual clubs, in turn.

Our club, with its proud tradition of providing presidents (Trevor Dury, Fiona Hadfield-Hart and now Andreas Schmid) will set the ball rolling and do our best to show the rest of the Swiss clubs what our corner of Aargau can present for their interest and entertainment!

We are of the opinion that the Park Hotel can provide a good standard for our guests with the added bonus of free visits to the thermal baths for hotel guests and that the town of Zurzach and its surroundings can offer a wide range of interesting events throughout the weekend.

A guided tour of Leibstadt nuclear power plant and the Gala dinner and dance with live music on Saturday evening are already on the programme.

Now we need you to come up with ideas and support!

We want this to be the best Federation weekend ever but the committee alone cannot manage. Please put yourselves forward in any capacity you think yourselves fitted for. You will not be left without help just because you have come up with an idea.

Although it's a year away, the sooner we can put together some inviting information for distribution to our guests, the better. As we know, our diaries get booked up quickly.

Andy will be keeping us all in touch with developments. Please contact him or other members of the committee with your input.
