AUSTRALIA

Capital: Canberra Population: 23.13 Million

We probably all know these facts, and perhaps more about Australia, but do come and hear an interesting talk and see some great photos.

Guest speaker: Mr Peter Hintermann (an Australia fan)

Mr. Hintermann has travelled in Australia many times and, as a keen photographer, has great pictures to show us. Not only pictures; he is very informed about the country and is able to pass on much interesting information.

The talk will be in German.

Do join us for a meal in the Restaurant Hirschen at 18.30h.
