An English speaking guided walk around the garden centre in Schinznach Dorf, giving an insight into the different aspects of their activities and information about the history of this lovely centre. The tour will last ½ hour so there will be plenty of time to wander around afterwards (be careful not to buy too much) and enjoy refreshments in the restaurant.

We will meet at the entrance to the main building at 16.45h.

(Depending on weather, don't forget to wear suitable clothes and shoes.)
