Cheminée Raum, Rest. Hirschen, Kirchdorf

Let's visit

JORDAN

with pictures and a talk by **DORA TSUKADA**

It was a journey in 2011 which started in Amman and continued to the green north, then to the Eastern Desert and on to beautiful places along the river Jordan to Petra.

You are also going to see pictures of the southern

border and the Wadi Rum, which became famous because of Lawrence of Arabia.

These are just names but Dora is going to show them to us with pictures and information.

We can use the Cheminée room free of charge and to support the Rest. Hirschen we can meet for a meal at circa 18.00 h.
