Visit to the Feuerwehr Museum Endingen

We have visited this museum in 2012 but it is so big – more than 100'000 items – that we will visit once again and I promise you, you will not be able to see everything in detail.

The museum is in three parts, fire-fighting equipment, handicraft and agriculture.

The museum is on the road from Lengnau to Endingen, before Endingen on the left side. We meet at the museum. The guided tour will start at 14.00h.

The entrance fee is Fr. 12.— per person. For club members the club will pay. Non-members will have to pay the fee.

NB. We had another event planned for this date but it did not work out, hence this change in the last minute.
