

Friday 17th April,
14:00
Pétanque in
Zurzach

If you have been to the south of France you must have seen somewhere a group of men standing, concentrating, in the shade of the chestnut trees. Now is your chance to discover what it's all about, and to try your skill at pitching steel balls. By the way, Pétanque is not Boule!

We will first understand the way the game is played, be shown how to pitch the balls, then will try to put theory into practice. Beware: apparently the Pétanque disease is catching!

We meet in the car park, which is behind the club at Schlüsselstrasse 2. For those coming by train, the Boulodrome is 10 minutes' walk from the Bad Zurzach station. Do wear solid footwear, the pitch is rather stony.
