## DAVID HOCKNEY

Great Britain's greatest living artist! We have the privilege of visiting an exhibition of his works, dating from 1954 -2018, His vibrant 'feel good ' paintings are guaranteed to give us all a special experience.

We leave by train from Baden at 09.38., arriving Luzern at 10.51. Those coming by car, park at the nearby mainline station. For those with walking difficulties, the car park connects directly with the Kunstmuseum underground and is accessible by lift. Rendezvous at the entrance (Cash).

No immediate details are yet available but the possibility of an English-speaking guide exists. Whether or not free entry to the exhibition with a Raiffeisen card is possible is yet to be determined.

We will look for a restaurant/café where we can afterwards 'recuperate'!

It would be helpful to have numbers of those wishing to come ( guide? restaurant?) but it is not obligatory.
