Walk around Ebnihof

On a short and easy walk, we will circle the clearing of Ebni-hof in less than an hour (Distance: 3 km, total height difference 70 m). If the weather is clear we may even have a view of the alps. Of course, we will afterwards go for a drink in a nearby restaurant.

We meet at the parking of the shooting range Ebnihof, Obersiggental (Access from Nussbaumen / Hertenstein; $47^{\circ}29'33.80''$ N / $8^{\circ}18'29.30''$ E; LK 1:25'000 Pt. 591)
