After Christmas and New Year walk from Dottikon to Anglikon and back (getting rid of all the calories!)

Join us for a mostly flat walk through the woods to Anglikon village, then down to the river Bünz and back again.

Approximately 2 hours (5-6 km)

**Meeting point is our parking lot where we live.
(Bachstrasse 13 B, 5605 Dottikon).**

If full, there are quite a few more possibilities right next to the Catholic Church at the traffic light coming from Mägenwil. (150m from our home).

From our house we will walk through the winter forest towards the village of

Anglikon, and back along the river Bünz. Basically an easy walk, but wear good shoes; might be wet and snowy.

I will check with the restaurant down in the village, but possibly it is closed.

If so: tea, coffee, drinks and biscuits will be provided at our house!
